Announcement:
 J. M. Daniels and Thos. Isgrigg are candidates for re-election for Magistrates of the Paris precinct, at the August election.

THE chances now are that congress will not adjourn before August.

At last the fate of the Mormons is sealed. The toy pistol has reached them there.

THE Atlanta Constitution says, the legacy that Guiteau left the country is a one-horse Administration.

WHEN Mrs. Lincoln said "I'm dying" what an appropriate time that would have been to have said something about Egypt.

JOE BLACKBURN made a hearty, vigorous protest against the enormous allowances proposed for Garfield's bungling doctors.

PRESIDENT TAYLOR, of the Mormons, has lost one of his wives. Another batch of missionaries will be at once be sent East.

THE Navy Bill which has just been approved by the House of Representatives appropriates \$15,000,000 for the construction of vessels.

THE bill giving Mrs. Garfield \$50,000 as the salary of her deceased husband, was passed by the House of Representatives without a dissenting vote.

SOME of the shot hurled at the fortifications of Alexandria were from 80-ton guns, and weighed 1,700 pounds, requiring 375 pounds of powder to force.

"GREENBACKISM is gaining ground," says an exchange. Yes, the men who advocate the supposed doctrine are gaining ground. About six feet, as an average.

NEBRASKA is getting ready to adopt prohibition, and an eastern capitalist is preparing to invest two million dollars in a jug factory to be established in that state.

FIVE dollars a day is all the Guiteau jurymen ask for doing a very good piece of work. If President Garfield's doctors had been half as modest the country would not have grumbled.

THE toy pistol is getting to be a power in the land. Recently there have been about twenty-five deaths in Cincinnati, twelve in Covington and Newport, seven in Boston, three in Lowell, and from New York and Chicago and all the other large cities the returns are proportionately heavy—all from that little thing of beauty and joy in every household.

GREEN KELLER, of the Carlisle Mercury, comes back at the News about that little advice contributed, regarding his visiting directory, and asks credit for the following:

"Running a newspaper, friend Bruce, is something like providing for a menagerie—food suitable for the different animals must be secured. Course food thrown in the cages promiscuously will soon break up the show. Credit us by \$1,000."

Green, we don't think it would hurt your "menagerie" to throw 'em a little blackberry cobbler along with that "course" food, and if you can get them some coarse food too, that wouldn't hurt them.

THE Rev. R. B. Garret, Baptist minister of Carlisle held Wilkes Booth's head on his knee when he breathed his last, when shot in his fathers barn in Virginia. It would be rather cruel, yet strict in keeping with the former actions of the United States government, to make a requisition for this knee to place in a glass case along with Garfield's back-bone, Boothe's and Guiteau's skeletons. Mr. Garret was quite a young lad at that time, and little dreamed that he was making a knee so historic. He now has in his possession a piece of Booth's crutch, and a lock of his hair.

A MAN named "Correspondent," is visiting over in Fleming county. Judging from the Flemingsburg papers, there's lots of the same family scattered around.

THE death sentence of John Bush, who was to have been hanged July 28, has been suspended on a writ of error by the United States Supreme Court.

CHIEF JUSTICE MARSHALL is to have a monument to cost \$40,000.

Millersburg Items.
 Mr. and Mrs. Geo. B. Higgins, and H. S. Orr and wife, of Georgetown, were the guests of Mrs. Orr Sunday.

Mrs. S. F. Tarrant, of Lexington, passed down the road Tuesday, en route for West Virginia, in the interest of her school.

The new ware-room of Collier & Sharp, now being erected on the front of the old lumber yard near the depot, is progressing finely.

Mrs. Jeanette Orr offers for sale her residence in this city. She designs moving to Georgetown. See her advertisement.

Mrs. Mary Boulden, mother of John W. and Resin Boulden, has returned from Cincinnati, where she has been having her eyes operated upon. She was almost entirely blind, but has returned greatly improved.

Mr. W. P. Richner, the electrician who rodged many houses and barns in this section last summer, with a rod that has stood the most critical test of anything in that much-abused line of mercantile traffic, is with us again, and is ready to supply all goods wanted in Bourbon and Nicholas counties. He rodged Charlie Clarke's large tobacco barn and two or three other large jobs this week. Electric science sustains him in every assertion.

Dave Conway started from Ysleta, Texas, with but \$30 in money, and the fare was \$90 to this place. He was put off the train three times, but by the dint of hard knocks and much ingenuity, arrived home in seven days. On arriving at Cincinnati, he was as dirty and black as a Mexican greaser. His friend Ed. McArdle, that prince of large-hearted fellows, presented him with a handsome new suit of clothes, a hat, and five dollars, and after indulging in a fine bath, and donning the new suit, the world seemed to smile down on the forlorn once more. Since Dave's arrival at home, he's been made a father—yes, the father of a bouncing 10 lbs. daughter, which he wouldn't exchange for half-a-dozen border counties in Texas.

Carlisle Items.

Harry Pease showed here three nights to moderate houses only.

Bob Robinson's little son Ben, fell from a gate and broke a bone of one ankle.

Wm. Wiley, our old residenter of paint-brush fame, has moved to Millersburg.

The school tax for a special levy for new furniture, &c., carried by a vote of 82 to 19.

Henry T. Stanton, Kentucky's poet laureate, will recite an original poem at the Blue Lick celebration August 19.

The tobacco prospect of Nicholas county was never more flattering. A piece at Forest Retreat is shoulder-high to a man.

Dr. H. C. Kehoe, of the Moorefield precinct, has moved to Cynthia, and has accepted the situation as foreman in the Democrat office.

Attorney-General Hardin, of Frankfort, was a guest of the Kimbrough House Wednesday night, and attended the re-union Thursday at the Licks.

The Carlisle and Blue Lick telephone got out working order Wednesday night, and discommoded business for a short season.

Joe. N. Vimont, of Leadville, Colorado, writes that he is now at Coney Island, New York, and will pay Millersburg, a short visit before he goes back.

Jas. H. Huff, of the Kimbrough House, is so pleased with the working results of the new telephone, that he has set the ball to rolling in fine style, and will soon have one in operation between here and Sharpsburg, Bethel, and Mt. Sterling.

The telephone now being operated between here and the Blue Licks, is proving quite a convenience to the hotels at the latter place. When the trains arrive here now, the number of guests expected to supper are announced over the wires, and the meals are prepared and are in waiting the arrival of the stages.

AROUND THE CIRCLE.

Some Kentucky farmers are buying stocks hogs in Ohio.

A new city school building is being erected in Georgetown.

Maysville has handled 150,000 bushels of new wheat already.

A Harrison county man threshed 20 acres of wheat that averaged 35 bushels to the acre.

The Hon. M. T. Bryan, of Nashville, arrived here Wednesday, to pay his old home friends a short visit.

A cat-fish weighing 46 pounds, was caught in the Kentucky river at the mouth of Boone's creek last week.

An effort will be made to have a competitive drill for a prize by the State Guard companies, at the Nelson county fair.

A fire broke out in the Phoenix Hotel, Lexington, Sunday, but was extinguished before any serious damage was done.

The Lexington Press says that the court-house yard in that city is used for pasturing sheep, while cattle graze upon the streets.

Hon James Bennett, brother of Dr. Bonnett, of Lexington, has been nominated for County Judge, by the Republicans of Madison county.

Two catamounts were killed recently in Pulaski county. One of them weighed twenty-five pounds, and was using up the dogs badly when shot.

The Louisville Amateurs base ball club will next week take a trip around the State, playing in Covington, Georgetown, Lexington, Frankfort, Versailles and Danville.

Fifty dollars reward are offered each for the capture of John Ragan and Harry Bailey, convicts recently escaped from the overseer on the K. C. extension, near Winchester.

The body of Dan Scott, who was drowned in the Kentucky river last March, was found near the mouth of Jack's creek last week. One arm and nearly all of the head were gone. Fifty dollars in money and \$1,300 in notes were found on the body, and furnished the only means of recognition.

My Aunt's and Cousin's Lament.

[DEDICATED TO BILLY ELLIS.]

Oh sad and lonely is my heart,
 Because we all have had to part
 With little Willie—pretty boy,
 His father's hope and mother's joy;
 Backers gone away.

Oh how could he leave us sad and alone,
 And go far away from us to roam,
 When he knew our hearts were nearly broken;
 And with dust and heat we were nearly choking;
 Backers gone away.

There was a circus in town most every day
 When he was here, but now he's away.
 We're all broke up—what shall we do
 To push the weary hours through?
 Backers gone away.

He was always joking but never rude,
 He said "Who's sweet? Why George and Tude?"
 'Twas sometimes sour but I'll forgive him
 And always love him as long as I'm living;
 Backers gone away.

Oh when we all sat down to eat,
 His mouth for grub it couldn't be beat
 Excepting by my cousin George
 Whose mouth you know is awful large.
 Backers gone away.

We all did love him very muchly,
 His speech and manner they were suchly;
 He played the banjo with a beautiful touch,
 And when he waltzed it was so ducky.
 Backers gone away.

There's no end to praises I could tell
 Of Backers, but I think it well
 That I should stop and no more say,
 But write again some other day;
 Backers gone away.

KENDALL'S SPAVING CURE
 205

The Most Successful Remedy ever discovered as it is certain in its effects and does not blister. Also excellent for human flesh. READ PROOF BELOW FROM

COL. L. T. FOSTER.

YOUNGSTOWN, OHIO, MAY 10TH, 1880.
 B. J. KENDALL & Co., Gents—I had a very valuable Hambletonian colt which I prized very highly; he had a large bone spavin on one joint and a small one on the other, which made him very lame; I had him under the charge of two veterinary surgeons who failed to cure him. I was one day reading the advertisement of Kendall's Spavin Cure in the Chicago Express, I determined at once to try it, and got our druggists here to send for it; they ordered three bottles, I took them all and thought I would give it a thorough trial, and used according to directions and the fourth day the colt ceased to be lame, and the lumps had disappeared. I used but one bottle and the colts limbs are as free from lumps and as smooth as any horse in the state. He is entirely cured. The cure was so remarkable that I let two of my neighbors have the remaining two bottles who are now using it. Very Respectfully,
 L. T. FOSTER.

Send for Illustrated Circular which gives positive proof of its virtues. No remedy ever met with such success to our knowledge, for beast as well as man.

Price \$1. per bottle or six bottles for \$5. All druggists have it or can get it for you, or it will be sent to any address on receipt of price, by the proprietors, B. J. Kendall & Co., Enosburgh Falls, Vt.

SOLD BY ALL DRUGGISTS.

THE HORSE

—AND—

HIS DISEASES.

A TREATISE

Giving an index of diseases and the symptoms; cause and treatment of each, a table giving all the principal drugs used for the horse, with the ordinary dose, effects and antidote when a poison; a table with an engraving of the horse's teeth at different ages, with rules for telling the age of the horse; a valuable collection of receipts and much valuable information.

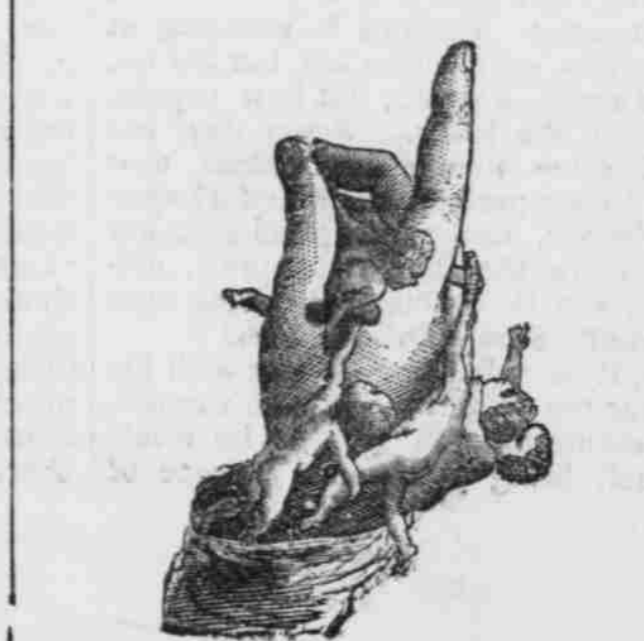

BY B. J. KENDALL, M. D.

65 ENGRAVINGS 65

This book, during the short time since its original publication, has been recognized as one of the most reliable authorities on anything pertaining to the horse's condition or treatment. The best evidence of its popularity is the immense sale which it has met with, over 650,000 have been published and sold in all parts of the northern states. Hundreds of testimonials to the efficacy of the treatment advised can be shown, and in many cases a reference to this book and prompt following of its advises has saved the lives of valuable animals. It is plain and simple in its terms, and can be understood by anybody. A distinguished veterinary surgeon, who possesses a library comprising the most costly books on the horse, recently said that he would part with almost any of them rather than with this treatise, which comprises so much.

Given as a premium to all subscribers to the BOURBON NEWS who pay a year's subscription IN ADVANCE.
